

# BLACK STUDENT UNION STAND FOR SOMETHING

Black student union organizations are all around the United States. Their purpose is to instill core values, promote optimism, academic success, and confidence, and to help minority students feel a sense of community in their schools. The BSU at MITA is no different and strives to provide a comfortable space for social interaction and community building.

Join the BSU to learn more about African American heritage, college success strategies, and positive self image. Join because *you* need something to stand for. Join because you need something to stand for *you*.

Hi! My name is Ms. C Arnold and I am your BSU Middle School Coordinator.

If you are interested in joining the BSU or were a member last year and wish to return, please meet me in Room C during your lunch to sign up.

I am most grateful to have the opportunity to help lead you this year!

Ms. C. Arnold  
(Middle School)
