QUOTE OF THE DAY

DAILY DOSE OF HUMOR

We've got more ALEKS Champions from last semester that put in that extra mile to not only finish their ALEKS Pie but worked their way into success in their Algebra Classes. Congratulations go to:

Ariana Maata, Alejandra Lopez, & Osei Johnson

Ariana crushed the remaining topics over vacation, giving new meaning to the phrase "Christmas BREAK!" Great Job Ariana!
Alejandra was a consistent high performer all of first semester and her diligence paid off and she's now charging Algebra in her core class. Awesome work Alejandra!
Not to be outdone, Osei continued to bust down all obstacles in his way to finishing the remnants of his ALEKS pie, leaving no crumbs for the seagulls! Way to go Osei!

As a recap for first semester here are the Current ALEKS Champions: Andrew Pantoja
Juan Chavez
Anthony Portillo
Osei Johnson

STAFF ANNOUNCEMENTS

As a reminder, please make sure that students who leave your classroom should either...

1. Be given a **campus pass** that indicates the date/time they are out and when they return (e.g. put a 10min limit on their time out of the class), or...
2. They should put their name, date, and time on a **signout sheet (and sign back in when they return)**. They should also be given a discrete time limit.

We want to restrict the time students are out and about by creating a "buffer zone" of 20 minutes at the beginning of each period (yes, including 5th period and ED-RTI). In addition to restricting the time, a side benefit will be that lessons can get started right away with fewer disruptions. **We will make every effort to ensure that the policy works both ways (no calls to your classroom for the first 20min).** Since most people are able to (and should) read this email by the end of 1st period, **I'd like you to announce this policy at the beginning of the 3rd period.**

Just to clarify the new buffer zone policy, the intention is to restrict students from being out of the classroom more than necessary. **If you have to ask a student to leave due to a behavioral issue, you may do so at any time. Also, Student Services may need to contact you during the first 20min as part of an investigation.**

The Portfolio Time Frame site is:

and can be accessed on the Students tab of the MIT Academy website.*

As always, do not hesitate to contact me with questions!

Barbara

The games get pretty crazy at English teachers' parties.

For March 2013, the National Women’s History Project selected the theme, "**Women Inspiring Innovation Through Imagination: Celebrating Women in Science, Technology, Engineering, and Mathematics.**" It is with great pleasure that we announce the Honorees for NATIONAL WOMEN’S HISTORY MONTH 2013. The 18 women chosen are all extraordinary visionaries and role models in the **STEM** fields, where women are still noticeably underrepresented.

The 2013 Honorees represent a remarkable range of accomplishments and a wide diversity of specialties including medicine, robotics, computer programming, atmospheric chemistry, architecture and primatology. These women’s lives and work span the centuries of American history and come from different cultural and ethnic backgrounds. We are proud to honor them and all women seeking to advance these important fields.

Be sure to check out the list of honorees, their field, and accomplishments on our MIT Academy Facebook page, as well as in the main office!
